Mignon advises emerging and established companies and investment funds on corporate transactions, fund structures, and governance frameworks that drive growth and create long-term value.

Mignon maintains a broad corporate practice representing companies at every stage of their lifecycle, from initial formation through strategic acquisitions, dispositions, and other transformative transactions. She advises private investment funds, portfolio companies, and both public and private companies across a wide range of transactional and governance matters, including fund formation and structuring, mergers and acquisitions, private equity transactions, and general corporate matters.

Select Experience

- Represented a private investment sponsor in the fundraising and ongoing governance of a private investment fund and affiliated feeder vehicles. Assisted with investor onboarding and diligence, securities law compliance, multiple investor closings, ongoing fund administration, and coordination of fund documentation through the fund's final closing.
- Represented an energy company in the sale of certain operating assets as part of a strategic divestiture transaction. Supported all phases of the transaction, including due diligence, preparation and negotiation of transaction documents, management of disclosure schedules, and closing execution.
- Represented a hospitality company in connection with the formation, capitalization, and private placement financing of a new restaurant venture. Assisted with the structuring and execution of the offering, preparation of offering and subscription documents, investor onboarding, securities law compliance, and closing of the financing transaction.
- Represented the founders and key stakeholders of a healthcare technology company in connection with its strategic acquisition. Supported the transaction from diligence through closing, assisting with the preparation and negotiation of definitive agreements, employment and restrictive covenant arrangements, equityholder matters, closing mechanics, and overall transaction execution.
