Dorsey is closely monitoring the business and legal implications of the failures of Silicon Valley Bank (SVB) and Signature Bank. Our team of experienced bank regulatory lawyers are working with clients on a wide variety of issues arising out of the Federal Deposit Insurance Corporation (FDIC) receivership, including access to deposits, lending relationships, cash management services, custodial services, payroll, trust accounts, investor relations, and disclosures.

Below are informational resources intended to help navigate this evolving situation. We will continue to update this page as additional news becomes available.
